

TM-3812 TRUCK-MOUNTED MESSAGE SIGN

Ver-Mac's TM-3812 is a full-matrix truck-mounted message sign with 27 x 48 pixels. It can display 3 lines of 8 characters (5 x 7 pixels, or 12 in.) per line. The TM-3812 is powered by the truck's battery and offers full graphic capabilities including several one-touch buttons to quickly activate messages or arrows. The TM-3812 features the innovative power tilt support with Auto Up/Down feature, and the V-Touch Controller that plugs into the cigarette lighter. This truck-mounted message sign is ideal for highway construction and maintenance crews, highway striping trucks, highway emergencies and helper trucks.

Power tilt support

Transport position

V-TOUCH CONTROLLER

NTCIP COMPLIANT

EASY-TO-READ

7-inch (178 mm) color LCD touchscreen

USER-FRIENDLY

Icon-based touch menu items

TIME-SAVING

Create your own library of messages

FULLY-INTEGRATED CELLULAR 4G LTE MODEM

The wireless V-Touch Controller makes installation quick and easy. Simply connect the controller to the cigarette lighter socket and you are ready to go!

APPLICATIONS

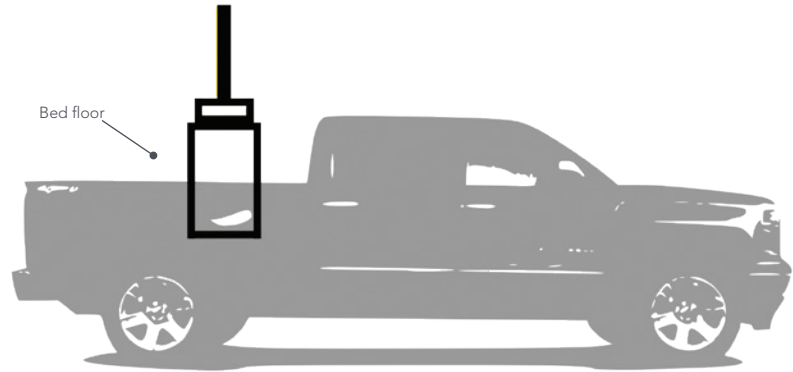

- Construction trucks
- Road striping trucks
- Road sweeping trucks
- Pothole repair trucks
- Many more

POWER TILT SUPPORT

POWER TILT WITH AUTO UP/DOWN FEATURE

The Auto Up/Down feature ensures that the sign is in the display position when in use and in the travel position when the unit is off, preventing damage and reducing wind drag.

- Display a message and the sign automatically rises to the display position
- Select off and the sign automatically lowers to the travel position
- Automatically detects the upright position - clear indicator on the display shows if the sign is in the up or down position
- Bed floor mounting can be added (optional)

DISPLAY

- Display panel: 50 1/4 x 89 1/2 in. (1276 x 2273 mm)
