

TRAILER-MOUNTED SPEED FEEDBACK SIGN SP-710V

Highly autonomous, the SP-710V Trailer-Mounted Speed Feedback Sign is ideal for your awareness campaigns. It features a two-digit LED display and is operated by our intuitive V-Touch Controller.

Foldable, compact and compliant with the Manual of Uniform Traffic Control Devices, the SP-710V is robust and easy to deploy in high-risk areas.

**MUTCD
COMPLIANT**

V-TOUCH CONTROLLER

HANDHELD

Take the controller from the sign case to change speed parameters safely away from the trailer

EASY TO READ

Clear 3.75 in (95 mm) pressure-sensitive black and white display screen

INTUITIVE ICONS & INTERFACE

Quickly select speed parameters and blink option

BACKLIT SCREEN

For easy nighttime use

REAL-TIME INFORMATION

View speed display, battery voltage level, and other key information

STEALTH MODE

Collect data when no speed is displayed*

*Requires data logger option

APPLICATIONS

- Law enforcement
- Traffic studies
- Speed awareness
- Connected work zones
- Smart work zones

STEALTH TECHNOLOGY

CLEVERLY HIDDEN BATTERY COMPARTMENT

Deters battery theft and vandalism

LONG-LASTING SEALED BATTERIES

No maintenance required

DOPPLER RADAR

- Picks up average speed and vehicle count up to 2000 ft away
- Up to 2 lanes / directional
- No calibration needed
- Integrated into the sign

JAMLOGIC® FLEET MANAGEMENT SOFTWARE (OPTIONAL)

- Equipped with a high-speed modem and GPS to monitor and collect data via JamLogic®
- All data is stored in JamLogic®. Run monthly, weekly, daily or custom reports, and export them to Excel
- JamLogic® provides traffic data at your fingertips

STATISTICS (OPTIONAL)

Collect the average speed and number of vehicles approaching (directional). Data can be downloaded via a USB key at the trailer, or remotely through JamLogic® (modem option required).

DISPLAY

- Speed display sign: 35 x 36 in. (885 x 914 mm)
- Display: 2 digits (mph)
- 18 in. characters visible up to 1000 ft away (305 m)
- 4 LEDs per pixel
- Can accommodate 36 x 48 in. and 30 x 24 in. static signs - not included
- Bottom of static sign 7' above roadway
- Plug & play display modules for simplified maintenance

DIMENSIONS AND WEIGHT

- Overall width: 70.37 in. (1787.52 mm)
- Operating height: 134 in. (3391 mm)
- Traveling height: 107 in. (2717.8 mm)
- Traveling length: 133 in. (3367 mm)
- Weight (approx.): 830 lbs (376 kg)

OPTIONS

- Battery charger
 - Modem with GPS
 - Data plan (requires modem)
 - Statistics
 - Rear leveling swivel jacks
 - Strobe lights
- Other options are available to meet your needs.

WARRANTY

- 1 year on complete trailer
- 2 years on electronic components manufactured by Ver-Mac
