

## SPP-6000 PORTABLE SOLAR-POWERED PLATFORM

The SPP-6000 is a versatile and robust portable solar-powered platform. It is ready to be connected and power your devices. Save significantly every year on fuel and labor by using Ver-Mac's solar platform.

The SPP-6000 is ideal for your innovative solution that may require a camera, license plate reader, light, security and surveillance components, sensors, communication, or IOT devices to be installed where no network and / or power is available.

### FEATURES AND BENEFITS

#### 26 FT. RUGGED AND STABLE SWIVEL MAST

Aim your solution toward the perfect direction without moving the trailer. This gives you the freedom to maximize solar recharge while aiming your solution in the right direction

#### 360° TILT-AND-ROTATE SOLAR PANELS

Rotate panels to face south and tilt 45° to increase solar recharging and maximize performance

#### VERSATILE DESIGN

Easy to transport, deploy and store

#### LOW COST OF OWNERSHIP

Eliminate fuel, fuel labor, engine maintenance and save thousands of dollars every year

#### ENVIRONMENTALLY FRIENDLY

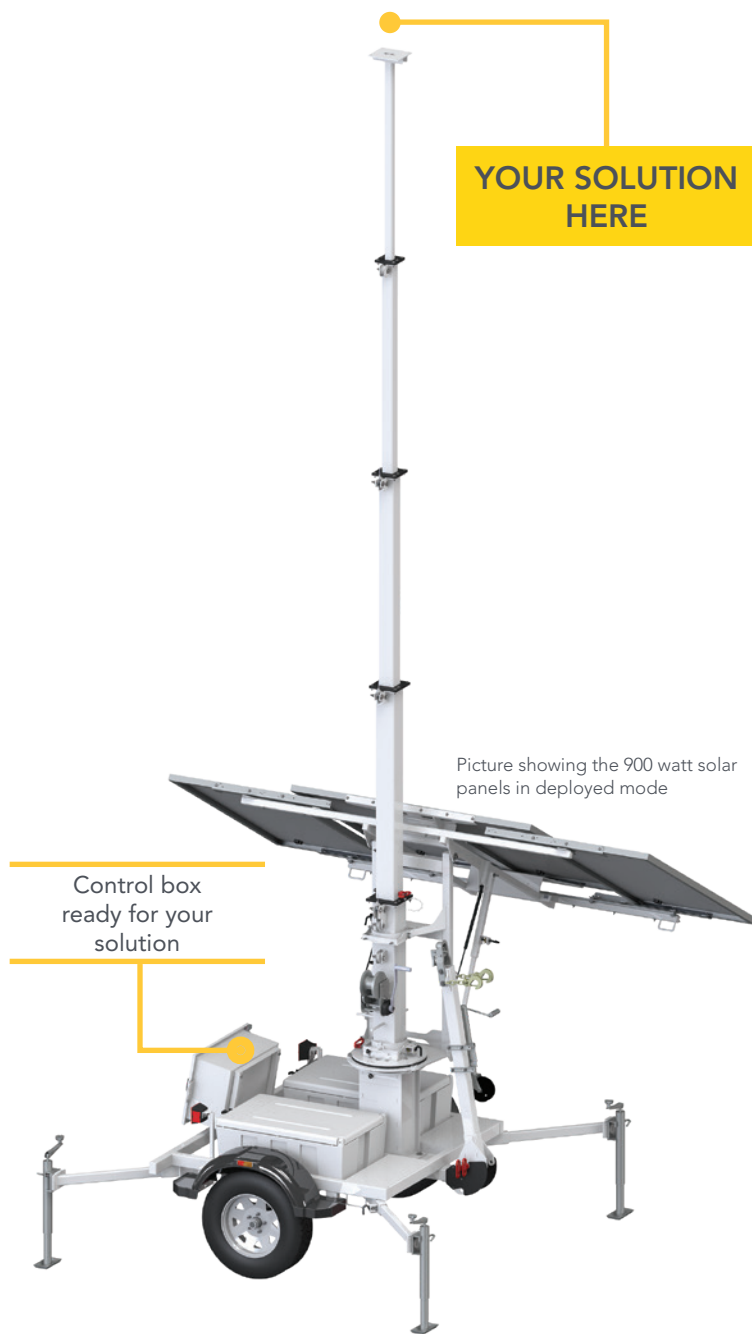

No fuel emissions or engine noise

#### TONGUE WHEEL JACK

Makes it easier and safer to move the trailer

#### FOLDABLE & LOCKABLE TONGUE

Reduces operation & storage footprint for limited space areas and protects the trailer from being towed by unauthorized people

### APPLICATIONS

- Surveillance and security
- Data collection
- Light tower
- Your own solution that requires autonomous power

### GENERAL SPECIFICATIONS

- Solar panel: 900 watts total / 360° rotation / tilt to maximize efficiency
- Batteries: 16 x 6 volt (210 amp/h) wired into a 24 volt system
- Mast: 26 feet from the ground
- 4 outriggers for trailer stabilization

### DIMENSIONS & WEIGHT

- Operating length: 134 in. (3407 mm)
- Operating width: 130 in. (3302 mm)
- Operating height: 300 in. (7620 mm)
- Traveling length: 128 in. (3251 mm)
- Traveling width: 82 in. (2075 mm)
- Traveling height: 108 in. (2743 mm)
- Weight (approx.): 2700 lb (1225 kg)
- Axle/suspension: 3500 lb (1588 kg)

### OPTIONS

- Reflective tape
- Camera (various types available)
- 450 watt solar panels
- Less than 16 batteries available

### WARRANTY

- 1-year warranty on complete trailers
- 2-year warranty on electronic components manufactured by Ver-Mac
